

DOWNTIME

Order form

I want a squirt boat. Yes I do! So please, Downtime, pull out all the stops and start waxing the moulds!

Just hand this order form in at your local dealer and they'll send it to us. You'll also need to pay half of the total costs up front to secure your order. After that it's simple – just sit back and wait. We should have your boat ready to go in six weeks, but we'll let your dealer know how we're getting on with it.

And finally...

Have you sorted out a spraydeck yet? Your new boat's not going to enjoy a knackered old deck from the 80s – so why not give it a treat?

We recommend Peak UK and Elephant spraydecks with a twin waist, drylip and latex under-coating. It can take a while to make a deck, so it's a good idea to order a new one now if you need it.
